PLANNING FOR YOUR PET'S HEALTH

At Strathmore, our commitment is to keeping animals healthy. In fact we believe so strongly in preventive care that we are happy to spread the cost, allowing you to pay by convenient, affordable monthly Direct Debits throughout the year.

As an added bonus, we also give discounts on neutering, microchips, dental descale and polish, long term medications and food.

Regular checks and early diagnosis of any potential health issues will help your pet enjoy a long, comfortable life, whilst also saving you money and worry.
